## From the Desk of Mr. Murr...

Why is worldview and philosophy of education important? When God and His Word are removed from education, man becomes the definer of truth and meaning of life. Behind efforts to educate youth apart from the Bible are two lies that Satan used to first tempt Adam and Eve.

1. God's Word, therefore God, cannot be trusted.
2. You can be your own god.

What is real and what is true cannot be discovered apart from a Biblical Worldview.
